

SERVICES FOR PEOPLE WITH BRAIN INJURY IN VIRGINIA

03/10

State Administered Services

The following services and programs are administered directly by the Department of Rehabilitative Services:

Brain Injury Services Coordination Unit (BISCU) is located within the **Department of Rehabilitative Services (DRS)**, Virginia's designated "lead state agency" for planning and monitoring services that enhance the quality and vocational goals of persons with acquired brain injury. BISC Unit manages about \$6 million in programs and services, primarily through federal / state grants, and state-funded contracts with organizations across the Commonwealth. BISC Unit provides information about acquired brain injury to DRS staff and external customers, as well as assistance in obtaining DRS services. BISCU staffs the Commonwealth Neurotrauma Initiative Trust Fund and the statewide Virginia Brain Injury Council, the advisory group to the DRS Commissioner. *Contact Patricia Goodall at 800/552-5019, TTY 800/464-9950 or e-mail Patti.Goodall@drs.virginia.gov or on-line <http://www.vadrs.org/cbs/biscis.htm>.*

- **Brain Injury Direct Services (BIDS) Fund** provides short-term specialized services, assistive technology, and other equipment / goods to help individuals live more independently and move forward in their recovery. The BIDS Fund is limited and available only if no other funding source is available; it is recommended that you contact DRS prior to applying for funding. The BIDS Fund does *not* pay for inpatient medical rehabilitation or any type of residential services. Individuals must be one year post-injury and meet disability and financial criteria. *Contact Patricia Goodall at 804/662-7615, 800/552-5019, TTY 800/464-9950 or e-mail Patti.Goodall@drs.virginia.gov or on-line <http://www.vadrs.org/cbs/biscis.htm>.*
- **Commonwealth Neurotrauma Initiative (CNI) Trust Fund** was established legislatively in 1997 for the purpose of "improving the treatment and care of Virginians with traumatic spinal cord or brain injuries." The Trust Fund Advisory Board disburses funds to Virginia-based organizations, institutions, and researchers through a competitive grant process administered by DRS. Grant funds of \$5,000 to \$150,000 per year for up to three years are awarded in rotating cycles for Research Grants and Community Based Services Grants. Although grant funding is short-term, direct services to consumers may be available in some areas. *Contact Kristie Chamberlain 804/662-7154, e-mail Kristie.Chamberlain@drs.virginia.gov or on-line <http://www.vacni.org>.*
- **Federal Traumatic Brain Injury (TBI) Implementation Partnership Act** grant funding was awarded to the Virginia Department of Rehabilitative Services for 2009-2013. "**Closing the Gap**" focuses on expanding and strengthening the State's infrastructure for the delivery of brain injury services through a variety of activities and through work with targeted populations. DRS subcontracts to two organizations to assist in carrying out the grant activities. The primary contractor is the Brain Injury Association of Virginia (BIAV). In addition, Virginia Commonwealth University is contracted to work with the Department of Juvenile Justice to identify and provide treatment options for youth entering the correctional system. The systems change Federal grant does not provide direct services to consumers. *Contact Patricia Goodall at 800/552-5019, TTY 800/464-9950 or e-mail Patti.Goodall@drs.virginia.gov or on-line <http://www.vadrs.org/cbis.htm>.*

Centers for Independent Living (CILs) provide services statewide that promote the independence, productivity, and leadership of people with disabilities. CILs are operated by people with disabilities who assist others to take charge of their own lives. CILs work with individuals and communities to remove barriers to independence. Services include information / referral, peer counseling, independent living skills training, and individual / systems advocacy. There are 16 CILs and four satellite CILs located throughout Virginia. Contact Theresa Preda at 800/552-5019, TTY 800/464-9950; e-mail Theresa.Preda@drs.virginia.gov or on-line <http://www.vadrs.org/cbs/cils.htm>.

Community Rehabilitation Case Management Services (CRCMS) Program provides case management / service coordination for individuals with central nervous system and other severe functional disabilities (including brain injury). Rehabilitation Specialists assist in identifying individual needs and identify resources to increase independent living and community integration. Contact Carolyn Turner at 800/552-5019, TTY 800/464-9950, e-mail Carolyn.Turner@drs.virginia.gov or on-line <http://www.vadrs.org/cbs/lterm.htm>.

Personal Assistance Services for People with Brain Injury (PAS/BI) provides personal assistance to people with significant functional limitations due to a physical disability caused by a brain injury and who are ineligible for attendant services through other sources. The consumer and a consumer-designated representative manage all aspects of employing a personal assistant. Services may include assistance getting in/out of bed, dressing, bathing, meal preparation, and housework. Priority is given to individuals at risk of institutional placement. Contact Pat Norton at 800/552-5019, TTY 800/464-9950, e-mail Patricia.Norton@drs.virginia.gov or on-line <http://www.vadrs.org/cbs/pas.htm>.

Vocational Rehabilitation (VR) Program is the federal/state funded program within the **Department of Rehabilitative Services (DRS)** that offers employment-related assistance to persons with disabilities, including people with brain injuries. Individuals who meet disability and financial eligibility criteria work with a Vocational Rehabilitation Counselor to jointly develop an Individualized Plan for Employment (IPE) that identifies an employment goal, as well as services or training to achieve that goal. Services include evaluation of skills and abilities; help determining an employment goal; counseling and guidance; vocational training; and job seeking / job placement services. Contact DRS at 800/552-5019, TTY 800/464-9950, or on-line <http://www.vadrs.org>.

Woodrow Wilson Rehabilitation Center (WWRC) is a state-funded rehabilitation facility operated by the **Department of Rehabilitative Services (DRS)** that offers an array of residential and outpatient services ranging from a comprehensive rehabilitation therapy program to vocational training to short-term assessment. In addition to receiving regular WWRC services, eligible individuals with acquired brain injury may receive supplemental specialized services through **WWRC's Brain Injury Services Department** such as counseling / guidance; neuropsychological assessment and therapy; vocational evaluation / training; cognitive rehabilitation services; independent living / community re-entry skills; and physical, occupational, and speech / language therapies. Specialized case management services may also be available to individuals with brain injury who attend WWRC programs.
