Take the elevator to the 1st floor and head toward Bank Street.

We'll be standing across the street and greeting the legislators as they make their way to the Capitol for the day's deliberations. We'll have a few signs available, and if you've made signs, please bring them with you to this portion of the day.

You can return to the Pocahontas Building and make more visits if you wish. You can grab some lunch and/or head back to where ever you came from. You can also help BIAV staff make sure every legislator gets a packet of information.
