

**Making  
HEADWAY**  
*Assistive Technology: A Tool for Success*  
Brain Injury Association of Virginia  
Participant Learning Assessment

November 23, 2019

Participant Name: \_\_\_\_\_

In addition to verifying your participation in breakout sessions through the submission of attendance records, a method of learning assessment must also be submitted.

In order to complete your CEU application, please complete the following assessment of the sessions you attended during the Making Headway Conference. Include the session name and a short paragraph of the key elements you learned during the session. You may also include any take away knowledge from the Smart Home Lab. You can type directly into the text boxes - if you do not see all of your typed response, you can scroll on the text box.

Keynote Address:      The Heart of Technology: Dr. Regina Root
